PART 1: TRAINING (EAST SIDE STYLE)

Before going up against the West-sides toughest fighters, you must first, ensure that you and your buddies have got what it takes. To qualify each of your six boxers you must complete a gruelling physical test. You must waggle your joystick, in a left, right, left, right motion until the boxing gloves shown at the bottom of the screen turn yellow. The more fighters you qualify, the more lives you are given in the subsequent sections.

PART 2: THE GYM

Joe Lebrinski has left you and your buddies in charge of the gym. Just as you are about to lock up, six mean looking West side street fighters arrive. You can see that they are looking for trouble. You soon realise what they are up to: their yuppie masters have ordered them to smash up Joes equipment, forcing him out of business. Only you and your comrades stand in their way.

PART3: THE REVENGE

Once all the enemy fighters have been defeated you decide to find the yuppies and politely ask them to stop their bullying. You and your wounded buddies must battle your way to the West-side, defeating anyone who crosses your path.

CONTROLS

Spectrum/Amstrad: You may select your control method from the title page. The game supports most joysticks and has a user definable keys option.
