

Labynotaure

Labynotaure est un jeu d'aventure graphique dans lequel vous aurez à vous déplacer dans un labyrinthe en trois dimensions et surtout à en ressortir vivant... Après une musique d'introduction (augmenter le volume de votre CPC, cela en vaut la peine !) sur trois voies, vous devenez le héros de cette aven-

ture. Pour vous déplacer, utilisez le pavé numérique :

- 1 → SO = Sud Ouest
- 2 → S = Sud
- 3 → SE = Sud Est
- 4 → O = Ouest
- 6 → E = Est
- 7 → NO = Nord Ouest
- 8 → N = Nord
- 9 → NE = Nord Est

• 0 → 0 = Bas ou Haut
Sur votre parcours, vous rencontrerez des objets. A vous de bien les utiliser... Votre aventure se déroulera sur trois étages et vous devrez faire attention à vos vies car elles diminuent régulièrement. Si vous vous mettez en péril, elles diminuent plus rapidement.

Pour une action, respectez la syntaxe "Verbe" "Nom" : ex → Lis message, examine vase... L'appui sur "I" vous donne l'inventaire de vos trouvailles. Pour dire un mot de passe, il suffit de l'écrire. Bonne chance !!

Tony Canton
