

COSMOS

Un vaisseau venant d'une autre galaxie se trouve en mission d'exploration dans l'infini cosmos.

Malheureusement, des chasseurs, des pièges l'attendent.

Après le chargement, l'utilisateur pourra sélectionner soit le clavier (touches directionnelles + barre) soit le joystick en appuyant sur la touche 1. Pour commencer, pressez la touche 2.

La pause s'obtient en appuyant sur RETURN. L'abandon s'effectue par l'intermédiaire de la touche ESC.

Au début du jeu, vous avez 3 vies. Aucune vie supplémentaire ne sera accordée durant la partie. En revanche, le vaisseau dispose d'une réserve de missiles inépuisable.

CHARGEMENT :

Il y a 3 fichiers : COSMOS.BAS qui est le programme de chargement, DATAS1 et DATAS2. Ces 2 derniers programmes doivent être lancés en premier car ils créeront deux fichiers binaires COSMOS1.BIN et COSMOS2.BIN

FAIRBANK ?

**Pas une autre gestion de compte bancaire ?
 Si, si,... mais quel programme !**

Enfin, une "gestion de compte bancaire" d'une efficacité impressionnante, d'une simplicité éclatante. Un véritable livre de caisse de 40 colonnes sur disque. Quarante postes, ou comptes, numérotés, dénommés par vous et indexés, auxquels toutes transactions sont attribuées. Lister ou imprimer, par poste, par nom, par catégorie, de date à date, etc. Analyser à tout moment l'ensemble de vos dépenses et recettes. Afficher les soldes des postes à plein écran. Idéal pour incorporer dans une comptabilité traditionnelle.

Une importante caractéristique de FAIRBANK est d'avoir toujours sur l'écran la dictée nécessaire pour effectuer chaque étape de l'opération en cours sans aide extérieure.

Enregistrer un chèque ? Plus simple que de l'écrire dans un chéquier, semi-automatique en fait. Toutes écritures sont triées, classées. Un relevé de compte ? Jeu d'enfant ! Saisir deux dates, le listing s'affiche et, à la demande, une concordance avec le relevé bancaire paraît, toute différence chiffrée.

POUR CPC 6128 SEULEMENT
 UTILISE LE DEUXIEME 64 K
