

SCHUSS

Quelques mois après la grande folie d'Albertville, les frères Guillaume nous proposent leur version des Jeux olympiques d'hiver (— Verre !).

Vous devez faire le meilleur score dans la gigadescente de Gilbertville. Pas moins de 120 balises vous attendent. Utilisez les touches du clavier ou le joystick pour diriger le skieur. Trois fichiers à saisir. Le petit lanceur, que vous nommerez selon votre choix. Les deux suivants contiennent les « data » (nommez-les TOTO1 et TOTO2). Utilisez le programme donné

par Franck dans le dernier numéro pour éviter les erreurs de saisie. Il ne vous reste plus qu'à lancer ces deux derniers progs pour générer deux fichiers binaires sur votre disquette. Un petit RUN LANCEUR, et à vous de jouer.

Pour ceux qui galèrent dans TWINS, notre listing du dernier numéro, modi-

fier le lanceur en lui ajoutant une ligne 125 comme suit :

```
125 POKE &7631,&C9
```

Le résultat, de l'énergie infinie pour finir le jeu les doigts dans le nez. N'oubliez pas, les listings d'Amstrad Cent Pour Cent sont en téléchargeement sur notre serveurur 3615 ACP. Avis aux paresseux.
